Calendar Items

10/05	7:00 PM	Scout Meeting
10/08	6:30 PM	Eagle Scout Court of Honor
10/12	7:00 PM	Scout Meeting
10/12	7:15 PM	Scout Committee Meeting
10/19	5:00 PM	Campout (Switzer)
10/21	7:00 PM	Scout Meeting
10/26	6:30 PM	YM/YW Activity (Miniature Golf)
10/31	6:00 PM	Ward Halloween Activity [F]
11/02	7:00 PM	Stake Court of Honor
11/09	7:00 PM	Scout Meeting
11/09	7:15 PM	Scout Committee Meeting
11/16	7:00 PM	YM/YW Activity (TBD)
11/23		NO MEETING
11/30	7:00 PM	Scout Meeting
12/07	7:00 PM	Stake Court of Honor
12/14	7:00 PM	Scout Meeting
12/14	7:15 PM	Scout Committee Meeting
12/21	7:00 PM	YM/YW Activity (Service Project)
12/28	7:00 PM	Scout Meeting

Dates and Times are subject to change. Please check our website (<http://troop100.pbmddm.org>) for updated calendar information.

[F] - Troop Fundraising Activity

Stake Court of Honor

A *Stake Court of Honor* was held on Wednesday, September 7, 2016 at 7:00 PM at the Burbank Building with the following scouts receiving awards:

Ryan Montague – *Fishing* Merit Badge.

Brenton Okereke – *Life Scout* Rank. *Citizenship in the Community, Citizenship in the Nation, Citizenship in the World, Fishing* and *Personal Fitness* Merit Badges.

Assistance of parents is the key to success of any Boy Scout troop. The more a parent is involved, the more the Scout is likely to stay involved and advance in rank.

Thank you to all the parents for your continued support of the boys in their efforts to work on rank advancements and Merit Badges.

Congratulations to the scouts who received awards!

Previous Activity

On Saturday, August 13, 2016, the troop went on a five mile hike from the church to the AM/PM mini-mart (located at the corner of Roxford St and Olive View Dr) and then back again.

We had eleven participate in the hike (six scouts and five leaders), including a leader and scout from the San Fernando ward.

We hiked with backpacks (this is in preparation for hiking the Mormon Battalion trail next year).

Contact Information

Paul Matthews, Scoutmaster	818/472-6379
Randy Kirk, Assistant Scoutmaster	818/256-0834
Dan Palumbo, Assistant Scoutmaster	818/675-6230
Tim Starr, Assistant Scoutmaster	818/207-9110
Michael Montague, Assistant Scoutmaster	818/338-0665
Jim Burton, Troop Committee	818/333-6190

Upcoming Troop Activities

Our next campout will be Friday, October 21, 2016 to Switzer (ANF). We will be leaving from the church at 5:30pm. Once we arrive at the parking lot, we will backpack to Commodore Switzer campground (approx. 1 ½ miles) and make camp.

After breakfast we will break camp and hike back to the parking lot. We should return to the church parking lot about noon on Saturday.

On Monday, October 31, 2016 at 6pm we will be holding our annual hot dog sale at the Sylmar Ward Halloween activity. We will be selling hot dogs, chips, drink and cookies for \$5 per person.

Also coming up in December, we will be providing drinks and the Sylmar Ward Christmas brunch (drinks will be provided to everyone; donations will be excepted, but not required).

Winter Camping Tips

Some tips to keep in mind when your troop takes on winter camping.

- **Fail to Plan = Plan to Fail**
- Always bring a bit more than what you think you'll need – water, food, clothes.
- Make sure that you have a good knowledge of the signs of frostbite and hypothermia. You should be able to recognize it in others and in yourself. Tell someone right away if you or another scout is showing signs of cold-related problems.
- Stay hydrated. It's easy to get dehydrated in the winter. Eat and drink plenty of carbs.

- Keep out of the wind if you can. A rain fly for a tent can be pitched to serve as a wind break. The wind chill factor can often be considerable and can result in effective temperatures being much lower than nominal.
- Bring extra WATER. It's easy to get dehydrated in the winter. You aren't visibly sweating, so you don't think to drink water, but since the air is so dry, you lose a LOT of water through breathing. Drink lots of water!
- Bring extra food that doesn't need to be heated or cooked. Granola bars, trail mix, etc.
- Keep a pot of hot water available for cocoa or Cup-a-Soup – these warm from the inside.
- Always eat hot meals (breakfast, lunch, & dinner.) Dutch ovens are the best – they keep the food hot longer. It doesn't need to be fancy DO cooking. Meals should be 1-pot meals to keep cleanup to a minimum. Don't get too fancy with the meals - it's hard to chop onions & carrots at -10°F with gloves on. Prep all meals at home in the warmth of the kitchen.
- Shelter the cooking area from wind (walls of tarps, etc.)
- Fill coffee/cook pots with water before bed. It's hard to pour frozen water, but easy to thaw it if it's already in the pot.
- Remember **COLD**:
 - **C**lean - dirty clothes lose their loft and get you cold.
 - **O**verheat - never get sweaty, strip off layers to stay warm but no too hot.
 - **L**ayers - Dress in synthetic layers for easy temperature control.
 - **D**ry - wet clothes (and sleeping bags) also lose their insulation.
- **COTTON KILLS!** Do not bring cotton. Staying dry is the key to staying warm. Air is an excellent insulator and by wearing several layers of clothes you will keep warm.
- Remember the 3 W's of layering - Wicking inside layer, Warmth middle layer(s) and Wind/Water outer layer. Wicking should be a polypropylene material as long underwear and also sock liner. Warmth layer(s) should be fleece or wool. The Wind/Water layer should be Gore-Tex or at least 60/40 nylon.
- If you're camping in the snow, wear snow pants over your regular clothing
- Bring extra hand covering - mittens are warmer than gloves.
- Bring 2 changes of socks per day.

- Everyone must be dry by sundown. No wet (sweaty) bodies or wet inner clothing.
- Use plastic grocery bags or bread bags over socks. This keeps your boots dry and you can easily change those wet socks.
- Keep your hands and feet warm. Your body will always protect the core, so if your hands and feet are warm, your core will also likely be warm. If your hands or feet are cold, put on more layers, and put on a hat!
- Dress right while sleeping. Change into clean, dry clothes before bed. Your body makes moisture and your clothes hold it in - by changing into dry clothes you will stay warmer and it will help keep the inside of your sleeping bag dry. Wearing wool socks and long underwear (tops and bottoms) in the sleeping bag is OK.
- Put on tomorrow's t- shirt and underwear at bedtime. That way you won't be starting with everything cold next to your skin in the morning.
- Wear a stocking cap to bed, even if you have a mummy bag.
- Put tomorrow's clothes in your bag with you. This is especially important if you're small of stature. It can be pretty hard to warm up a big bag with a little body, the clothes cut down on that work.
- Put a couple of long-lasting hand warmers into your boots after you take them off. Your boots will dry out during the night.
- Fill a couple of Nalgene water bottles with warm water and sleep with one between your legs (warms the femoral artery) and with one at your feet. Or use toe/hand warmers. Toss them into your sleeping bag before you get in. Some of the toe/hand warmers will last 8 hours.
- Eat a high-energy snack before bed, then brush your teeth. The extra fuel will help your body stay warm. Take a Snickers bar to bed and eat it if you wake up chilly in the night.
- Use a sleeping bag that is appropriate for the conditions. Two +20°F sleeping bags, one inside the other will work to lower the rating of both bags.
- Use a bivy sack to wrap around your sleeping bag. You can make a cheap version of this by getting an inexpensive fleece sleeping bag. It isn't much more than a blanket with a zipper but it helps lower the rating by as much as 10 degrees.
- Use a sleeping bag liner. There are silk and fleece liners that go inside the sleeping bag. They will lower your sleeping bag's rating by up to 10 degrees. Or buy an inexpensive fleece throw or blanket and wrap yourself in it inside the sleeping bag.
- Most cold weather bags are designed to trap heat. The proper way to do this is to pull the drawstrings until the sleeping bag is around your face, not around your neck. If the bag also has a draft harness make sure to use it above the shoulders and it snugs up to your neck to keep cold air from coming in and warm air from going out.
- Don't burrow in - keep your mouth and nose outside the bag. Moisture from your breath collecting in your bag is a quick way to get real cold. Keep the inside of the bag dry.
- A zipped up coat pulled over the foot of a sleeping bag makes an extra layer of insulation.
- Don't sleep directly on the ground. Get a closed cell foam pad to provide insulation between your sleeping bag and the ground. A foam pad cushions and insulates. The air pockets are excellent in providing good insulation properties. Use more than one insulating layer below you – it's easy to slide off the first one.
- In an emergency, cardboard makes a great insulator. Old newspapers are also good insulation. A layer of foam insulation works too.
- Bring a piece of cardboard to stand on when changing clothes. This will keep any snow on your clothes off your sleeping bag, and help keep your feet warmer than standing on the cold ground.
- A space blanket or silver lined tarp on the floor of the tent or under your sleeping bag will reflect your heat back to you.
- No cots or air mattresses! Better to lay on with 30° earth instead of -10° air.
- Sleep in quinzees or igloos. These are warmer than tents since you've got an insulating layer of snow between you and the outside air, instead of just a thin nylon layer.
- If in tents, leave the tent flaps/zippers vented a bit, it cuts down on interior frost.
- Drain your bladder before you go to bed. Having to go in the middle of the night when it is 5 degrees out chills your entire body. Drink all day, but stop one hour before bed.
